PRESIDENT'S MESSAGE

Our April branch meeting was fun and informative. We enjoyed the company of guests from many of the branches who are sending girls to the Whittier Tech Trek Camp in June. Nicole Simmons (our new WTTC Director) and Judy Pfeil (AAUW-CA Past President) briefed us on the plans for the camp. The Tech Trekkers are in for an exhilarating week.

Our May meeting is going to be a big celebration! You don't want to miss the opportunity to meet outstanding women and girls in our community. We will honor the:

- Las Distinguidas awardees, nominated by other community organizations, who have done so much for the community and
- Ten girls from East Whittier and Los Nietos Middle Schools who won the competition to attend Tech Trek.

I look forward to seeing you on May 14. Don't forget to save your gadgets and stuff for the Tech Trek Rube Goldberg Project!

Kaye D. Kidwell

MEMBER SPOTLIGHT

I just learned that our dear friend and GWA AAUW member Ellen Larson won't be returning to Whittier. She will be staying in Bonita near her niece. Her new address is:

Dr. Ellen R. Larson
Bonita Valley Ranch
3698 Valley Vista Road
Bonita, CA 91920

Ellen is an AAUW honorary lifetime member, having joined in December 1949. Whether serving as a board member, on committees or behind the scenes, she has given her all to educate and promote equity for women and girls. I know it will take at least two of us to do what Ellen did in working with the schools for next year's Math Science Conference. I will miss her financial acumen when making investment decisions for the Myra Long Scholarship Fund. I simply will miss her, a lot!

LAS DISTINGUIDAS

2016

This year will be the 50th year that our Branch will honor distinguished women in the Whittier area for their outstanding contributions in the areas of business, education, the arts, community service, politics, and their professions. At the May 14th meeting we will honor two amazing women: Janet Campfield and Susan B. Halliday.

Janet Campfield was nominated by the Assistance League of Whittier. She joined the Assistance League over 20 years ago and has always been involved in their number one fundraiser, known as “The Christmas Carousel Tour of Homes,” serving as chair of that activity for four years. She was elected President of AL in 2014. Her efforts and those of her committees have positively impacted children and their families in Whittier schools for two decades and beyond. Her commitment to children has also been reflected in her past involvement in Girl Scouting, PTA and the Special Olympics.

Soroptomist International of Whittier nominated Susan B. Halliday. Over the six years she has been a member of this group, she has served as their recording secretary, corresponding secretary, a member of the Live Your Dream Committee and a member and chair of the membership committee. Susan has shown boundless energy in this group and inspires the SIW members to reach out to the community to assist women and children. In addition to SIW, Susan has served as a volunteer in many organizations, including a 37-year membership in AAUW. She has been elected to almost every office in the AAUW Greater Whittier Branch, including President in 2012-13.

The achievements mentioned above are only some of the things these inspiring women have accomplished. Please plan on attending the May 14th Branch Meeting to find out more about them and celebrate their contributions. See the article on Page 1 for information on making your reservations.

This year’s Las Distinguidas committee worked conscientiously to do the tasks necessary to contact organizations for candidates and make the final selection of the honorees. This is always a difficult task because all nominees have made outstanding contributions in their various areas. The Las Distinguidas committee of 2016 is Joyce Paul, Carol Shupek, Colleen Tan, Lupe Alfaro and Jan Biby.

MEMBERSHIP

Membership is the responsibility of all our AAUW members. It's important for us to work on several things to help recruit members.

Each of us should work on the following:

- Use the attached worksheet to develop your own "Elevator Pitch." An elevator pitch is approximately 30-second (about the time of an elevator ride) overview of what AAUW is and why you love it.
- Share the great value of membership that is available for everyone who joins: *enhancing members' professional & personal lives and saving them money!*
- Every time members use these benefits, they support AAUW's vital work: with each purchase, AAUW receives a royalty that supports our programming.

HOW TO MAKE YOUR AAUW ELEVATOR PITCH WITH POWER!

An elevator pitch is a brief, persuasive speech that you use to spark interest in what your organization does. Elevator pitches should be interesting, memorable, and succinct. They also need to explain the **why** and the **what** that make your organization unique. Here’s our simple guide to writing your own speech. Once you’re done, you’ll have a personalized tool to use next time you’re talking to a potential member!

1. Write down four things about AAUW that you would like to share. What makes AAUW memorable to you? What projects or issues is AAUW championing that are important to you?

2. Pick the three most important points you wrote down. Why are they the most important points? Condense your answer to this question into two or three sentences.

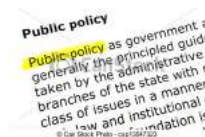

3. Add your full name and where you’re from before these two or three sentences to serve as your introduction and opening remarks.

4. Make sure to also make an “ask” at the end. Every elevator pitch should conclude with a question that needs a definitive answer, whether it’s “Would you like to be a part of our organization?” or “Will you attend our event on Saturday?” or “Can we add you to our newsletter list?”

5. Here’s your chance to pitch with power! Write out your AAUW elevator pitch below.

6. Now try your elevator speech with a fellow member. Each of you should share what really inspires you and what could be better. Keep practicing until you are comfortable inviting someone to be a member of the AAUW community.

PUBLIC POLICY

In April, AAUW along with 16 other major organizations sponsored a nation-wide telephone conference with Senator Elizabeth Warren on the state of the US Supreme Court vacancy. Over 4,000 participated in the call. The next day the Capitol Switchboard was overloaded with attendees asking to be connected to their senator's office to explain why the Senate should act to insure the Supreme Court has all nine judges. Senator Warren said the country deserves a national conversation to consider Judge Merrick Garland's qualifications and the Senate needs to begin the constitutional process to fill the seat. She pointed out that if the Senate does not perform its constitutional duties, the Supreme Court would not have a full complement of justices for the bulk of two court terms - well over a year - with potentially dangerous consequences. You can go on-line or call the Capitol Switchboard at (202) 224-3121 and ask your senators to rise above the partisan fray and fairly and expeditiously consider the president's nominee.

At the last LACIC meeting, Nancy Mahr promised to send an AAUW CA Action Alerts article to branch newsletters. And here it is:

TAKE ACTION – JOIN AAUW'S ACTION NETWORK

One easy way for AAUW members to take action is to respond to the state Action Alerts and national Two- Minute Activist messages. Each call for action includes background information on the issue and language for you to use in sending your message. You can use only the language provided, or you can add text of your own. Then just click on a button and you have taken action.

It's easy to become part of AAUW's Action Network. Just go to the national website (www.aauw.org) and click on What We Do. Then select Public Policy from the sidebar menu on the left. And select Two-Minute Activist from the sidebar on that page. You will see an invitation to subscribe. Put in your email and click on Sign Up. When you sign up, give your address or zip code and you will automatically be subscribed to the AAUW California Action Alerts and well as to the national Action Network.

With AAUW's strong membership, we have the power to generate hundreds of messages in California and thousands nationwide. Sign up and make use of this effective action tool. It really does only take two minutes!

In a recent article, Kathleen Doty wrote that equity is still an issue but we make strides toward equity every day because we belong to a community that breaks through educational barriers so that all women and girls have a fair chance. The California passage of SB 358 is the strongest Equal Pay legislation in the nation and AAUW was right there on the Capitol doorstep helping to make this happen. Become part of this powerful advocacy group that can make positive change for women and girls.

AAUW FUND

*NAMED GIFT honorees,
Lynda Richardson and DeDe
Shatzen.*

Each year AAUW allows a branch to recognize members who provide leadership and contribute to the success of the programs and goals of the branch. These members are the ambassadors who promote the mission of AAUW. Thanks to the members of the AAUW Fund Named Gift Selection Committee: Patricia Cuocco, Pat Dudley, and Ann Topjon and to Membership V.P. Susan Halliday for their assistance in the selection process.

The first honoree, **DeDe Shatzen** has been a member since 2013. She attended Cal State Los Angeles. A relatively quiet worker “behind the scenes”, she has served as Hospitality VP for two consecutive years, expanding the scope of this office far beyond what is required. In the words of President Kaye Kidwell, “ She has researched venues and menus for our monthly meetings since she assumed the position at a time when we were transitioning from holding our meetings at the Radisson to our new venue. She hauls AAUW equipment in her truck, helps members with their personal requests, tests the audio system, maintains the physical location and makes sure we all have a comfortable and enjoyable time.”

Not content with only hosting our monthly luncheons, taking the reservations and preparing the check-in list, she has helped with the Meet and Greet recruitment events at the Assistance League, even cooking some of the food!

She also serves as a docent for the Design House in order to raise money for the Myra Long Foundation. She has provided plants for the Holiday Boutique fundraiser as well as being a Boutique “Elf.” Anyone attending the Math/Science Conference at Whittier College has seen her as an able assistant to Chair Sharon Heck as she “speeds” around the campus helping with whatever needs to be done including delivering lunches to the speakers!

In the community she is an active volunteer with the Assistance League also working in their thrift shop. In addition she volunteers at PIH especially to serve the women needing wigs and other services after cancer surgery. She is a member of Delta Kappa Gamma-Sigma and PEO a women’s group which support women and girls in their educational endeavors.

The second honoree this year, **Lynda Richardson** has been a member since 2008. She is a graduate of California State University Long Beach and a retiree from Montebello Unified School District. While relatively new to the branch she has served for two years as Co-Membership Vice President. In that capacity she has not only “sung her message” at branch meetings, but also has co-sponsored the Meet and Greet Evening for new and prospective members, as well as the daytime meeting and orientation for new members. She helped coordinate the Membership Fund Raising Event at Really Great Stuff. She has also been a volunteer for Math/Science Day at Whittier College and a docent for Pasadena Showcase House, and has participated in Morning Book. She is described as an amazingly energetic and creative lady. In addition to her work in AAUW, she has been active as a Mentor in the College Bound Today program for the Montebello School District, which is a 3-year commitment. Her work there goes far beyond the official meetings. Also she has been coordinator of a yearly conference: Students Targeted at Reaching Success. Another area in which she has served is California Activities Directors Association. She is also an active member of the Montebello Unified Retired Teachers’ Association.

All this is in addition to her personal life in which she promotes her husband’s and son’s band and many family and school reunions.

As her Co-Membership VP Susan Halliday has said, “You can’t help but be in an upbeat mood whenever around her. Her positive attitude and love of life are definitely contagious”.

Dolores Seidman, AAUW Fund V.P.

MYRA LONG SCHOLARSHIP FUND

The next meeting of the Directors of the Myra Long Scholarship Fund is scheduled for Thursday, May 5, 9 AM, in the Library at First Friends Church, Philadelphia Street at Washington Avenue. The meeting is open to all AAUW members.

Continue to use your connected Ralphs card, fill those Showcase docent shifts, dine out when we have a "Dining for Dollars" event and contribute to the non-event fundraiser to fund our scholarships, Math/Science Conference and Tech Trek.

Gwen Woirhaye, Chair

HAPPY MOTHER'S DAY

DID YOU KNOW:

Anna Jarvis of Philadelphia who started Mother's Day celebrations also filed a lawsuit in an effort to stop the over-commercialization of Mother's Day. She lost her fight. Anna had hoped for a day of reflection and quiet prayer by families, thanking God for all that mothers had done.

Julia Ward Howe staged an unusual protest for peace in Boston, by celebrating a special day for mothers. She wanted to call attention to the need for peace by pointing out mothers who were left alone in the world without their sons and husbands after the bloody Franco-Prussian War.

Ancient Egyptians believed that 'Bast' was the mother of all cats on Earth, and that cats were sacred animals.

In the vast majority of the world's languages, the word for "mother" begins with the letter M.

Many of the sweaters worn by Mr. Rogers on the popular television show, Mr. Rogers' Neighborhood, were actually knitted by his real mother.

RECYCLE FOR CHARITY

Please continue saving your used SMALL and MEDIUM sized medicine bottles, both prescription and "over the counter." There is a huge need for them in Africa where people walk enormous distances from their villages to doctors and clinics and often have no container with which to bring home medication. For your own protection remove or obscure your personal information.

You can bring pill bottles (small and medium) to the April, May and June meetings. If you prefer, you can collect a bunch from friends and relatives and call Patricia Cuocco 562-698-6665 or patricia@fullerton.edu to arrange a pick up.

TECH TREK REPORT

Tech Trek is a science and math camp designed to develop interest, excitement and self-confidence in young girls who will enter eighth grade in the fall. It features hands-on activities in science, technology, engineering and math (STEM) and related subjects. This summer our Branch will be sending ten girls to Whittier College for one week from June 26 through July 2. Six members from the Greater Whittier Area Branch (Ann Chambers, Rozanne Child, Patricia Cuocco, Pat Dudley, Linda Gatons, and Maura Greely) interviewed 19 girls who had been nominated by a math or science teacher from their school and had submitted an essay on their choice of a STEM career.

The Myra Long Scholarship Fund (MLSF) provides the funds to send girls to Tech Trek. Money is raised from a variety of activities such as the Pasadena Showcase House docent shifts; grants; outreach; investments; and the generosity of GWA-AAUW members. Our ten campers have been invited to attend the May luncheon with a guest. Campers from East Whittier School District (*East Whittier Middle School in Whittier*): Isabella Bracamonte, Karissa Cisneros, Isabel Garcia, Natalia Interiano, and Jacqueline Salguero. Campers from Los Nietos School District (*Los Nietos Middle School*): Mariana Fuentes, Jessica Hernandez, Wendy Mendoza, Berenice Poblano, and Kayla Waugh-Vasquez. As each girl is introduced your will learn of her career choice and something about here interests, activities and accomplishments.

Former Tech Trek camper, Monique Amaro, will attend the luncheon to update the members on her college recruitment activities partially funded by the generosity of our branch members.

For more information on Tech Trek visit the Whittier Branch website <http://www.aauwhittier.info> or AAUW California website <http://www.aauw-tech-trek.org/>.

Ann Chambers, Pat Dudley, Tech Trek Co-Coordinators

Please continue to collect items for the Rube Goldberg project at Tech Trek: balls; yarn; dowels; paper towel tubes; dominoes; popsicle sticks; empty boxes; string; binder clips; cups; balloons, PVC piping; rulers, and whatever else you can think of. We will announce collection information at the May meeting and again, in the June newsletter.
**PLEASE DO NOT BRING ITEMS TO THE MAY MEETING.
THANKS!**

SECTION INFORMATION

Morning Book

We will be discussing *Wingshooters*, by Nina Revoyr, at our upcoming meeting, Monday, June 6, at 10AM, at Ann Topjon's, 5654 Palm Ave., Whittier. Nina was the featured speaker at the March branch meeting. The story concerns Michelle LeBeau, the child of a white American father and a Japanese mother, who lives with her grandparents in Deerhorn, Wisconsin - a small town that had been entirely white before her arrival. Rejected and bullied, Michelle spends her time reading, avoiding fights, and roaming the countryside with her English springer spaniel, Brett. In the tradition of *To Kill a Mockingbird*, Revoyr's novel examines the effects of change on a small isolated town, the strengths and limits of community, and the sometimes conflicting loyalties of family and justice. Please join us as Dolores Seidman directs our discussion. Colleen Tan will provide refreshments.

Directions to Ann's house: From Whittier Blvd., go north on Painter Ave.; left on Broadway; right on Palm Ave., past Palm Park. The house is the fifth on the right past Floral Ave. and Dexter Middle School.

All are invited to share their written ideas with an attentive, accepting audience. Hope to see you there.

Directions to Gwen's Home: The address is 5810 Friends, north of Beverly Blvd., just west of Painter. You may park in her driveway – go all the way to the top. dncnme@gmail.com

Co-Hostess: Trish Carlson
Reviewer: Marcia Orr

Brimming with the luminous insight, humor, and compassion that are Anne Tyler's hallmarks, *A Spool of Blue Thread* takes us across three generations of the Whitshanks, their shared stories and long-held secrets, all the unguarded and richly lived moments that combine to define who and what they are as a family. How similar to real life families are the Whitshanks? Come join us as we share our own thoughts and connections to this book.

Looking forward to seeing all of you. Any suggestions for books for next year are appreciated.

Questions: Annette at 626-964-1843 or
Kristine at 562-696-0226

Next Modern Trends meeting is June 23 at Dolores Seidman's home. The book is the highly acclaimed *The Nightingale* by Kristin Hannah (440pp).

Directions to the Bridges' House: Whittier Blvd to Euclid, turning north at Claros Italian Market on your left and the USA gas station on the right. Go north on Euclid for 7/10 of a mile. You will pass apartment buildings, homes and then start up the hill. The street name changes to Hiatt when you start up the steep grade, where the road narrows. The street ends and turns onto Walnut to your left or right at the top. **Do not go onto Walnut!** Take the driveway to your right, between the decorative rock wall and the mailboxes and pine trees. It is quite a steep decent, but it opens up as you come down. We are the second house on the left (hedge in front, salmon color with black roof and white trim). There is plenty of parking in the driveway.

The Sweetness at the Bottom of the Pie: A Flavia de Luce novel by Alan Bradley

Reviewer: Carol Anderson

It is the summer of 1950—and at the once-grand mansion of Buckshaw, young Flavia de Luce, an aspiring chemist with a passion for poison, is intrigued by a series of inexplicable events: A dead bird is found on the doorstep, a postage stamp bizarrely pinned to its beak. Then, hours later, Flavia finds a man lying in the cucumber patch and watches him as he takes his dying breath. For Flavia, who is both appalled and delighted, life begins in earnest when murder comes to Buckshaw.

“Impressive as a sleuth and enchanting as a mad scientist...Flavia is most endearing as a little girl who has learned to amuse herself in a big lonely house.” *The New York Times Book Review*

We will be voting on books to be reviewed next year at this meeting.

Meet at Marie Callender’s restaurant at 9829 S. La Serna Drive, Whittier (near Whittier Blvd.) at 6:30 p.m. in the library room.

For reservations call Carol K. Anderson at 562-943-0728.

Gardening

The Gardening Section will meet very early this month. Mothers' Day is May 7th, and I want to teach you how to make a pop-up book that will be a Mothers' Day card for you to give to someone special. We will meet on Tuesday, May 2 at 9:30 AM at my home. Please bring magazine pictures of flowers, scissors, tape and glue sticks. I will also have these available. This is very easy to make but packs a big wow. After I showed my third graders how to make the books, they were making them on their own. RSVP at cpeck4@earthlink.net or phone me at 562-943-4679. My address is 8156 Stoneridge Drive, Whittier. To get to my home from the corner of Colima and Mar Vista, go east on Mar Vista. Go through the guard gate and turn right on Aurora Crest. Turn right on Stoneridge Drive. My home is on the left side of the street, second from the end of the cul-de-sac. All members are invited. See you soon. Warmly, Ellen Peck
