

GREATER WHITTIER AREA BRANCH AAUW NEWSLETTER

<http://whittier-ca.aauw.net>

BRANCH MEETING:
Saturday, March 10, 2018
11:30 AM DoubleTree Hotel
7320 Greenleaf, Whittier
Boardroom, Ground Floor

Centerpieces provided by the
Reading Interpretation & Presentation Section

“OUR” Greater Whittier Area AAUW Reading, Interpretation, Performance (R.I.P.) group, will present the program for March.

R.I.P was designed to fulfill a desire/need for creative oral interpretive expression within a small group. This led to performing when needed for our Branch. Other AAUW branches also have been their audience, not to mention well-respected community groups.

The group has created a program on friendship. Twelve ‘flowers’ will amuse you, and perhaps make you think, as they share ideas and insights on *The Flowering of Friendship*.

We will also be honoring Ale Hogue and Dr. Joan Licari with the 2018 Las Distinguidas Award at this March 10 meeting.

LUNCH CHOICES include dessert, coffee, iced tea, and water. No substitutions, deletions or special orders. The cost of lunch is \$25. Please select one of the following as part of your RSVP:

- **Asian Chicken Salad:** Cabbage/Lettuce Blend, Mandarin Orange Sections, Pea Tips, Celery, Bell Pepper, Crisp Won Tons, Sesame Vinaigrette Dressing, Warm Rolls
- **Italian Wrap:** Sliced Salamis, Provolone Cheese, Shredded Lettuce, Olives, Pepperoncini, Tomato and Italian Vinaigrette in a Spinach Herb Tortilla with Homemade Kettle Potato Chips
- **Grilled Veggie Italian Wrap:** Grilled Squash and Eggplant, Provolone Cheese, Shredded Lettuce, Olives, Pepperoncini, Tomatoes and Italian vinaigrette in a Spinach Herb Tortilla with Homemade Kettle Potato Chips

RESERVATION REQUIRED: Please RSVP with your menu choice by noon on Tuesday, March 6 to aauwrsvp@gmail.com. If you do not have email, call Karen Walker at 562-943-0966. Please try again if you do not receive a confirmation within 48 hours.

President's Message

January was hopping with activity. We hosted our **25th Annual Math Science Conference** for eighth grade girls at Whittier College, January 31. Yes, we have been sponsoring this exciting and eye-opening conference for a quarter of a century!! This year, 394 girls and teachers packed into the Shannon Center for the plenary session. Dr. Joyce Kaufman, Professor of Political Science and Director of the Center for Engagement with Communities at Whittier College, welcomed the attendees. She shared her own journey and encouraged the students to aim high. Twenty outstanding women who work in STEM-related professions conducted the workshops.

Thank you to all of the volunteers who made the conference such a huge success. A big SUPER THANK YOU to Sharon Heck who worked so hard for months to make this one of the best Math Science Conferences ever!

We also hosted the fun **Meet and Greet**, January 19, to introduce AAUW and our Branch to prospective members. Welcome to Judy Van Horn and Kay Clark who joined that evening! A special thank you to Connie Bucey, and Lovey Sherman for chairing this fun event and to everyone who brought guests and/or refreshments. Everyone had a great time.

To cap the month off, we conducted our first ever competition to select a Whittier College student to attend AAUW's **National Conference for College Women Student Leaders** at the University of Maryland in May. All of the young women who applied were accomplished and special. The three finalists were Destinee Moya, Mikaela Malsy and Piper Lowinger. We awarded the scholarship to Piper, a sophomore majoring in humanities, who sees herself working in international diplomacy in 5-7 years. With young women like these three, our future is in good hands.

Kaye D. Kidwell

AAUW Fund

How is AAUW Fund money used?

Our February Branch meeting provided several answers to that question. Our speaker was Donna Lilly, past AAUW CA President who spoke about "Start Smart," also called "Work Smart." This program, developed by AAUW, enables college students to learn techniques for negotiating their salary and benefits when being interviewed for work. This two-hour workshop is one of AAUW's national programs that is supported by AAUW Fund.

A second example at that meeting was the presence of the finalist and two alternates from Whittier College for NCCWSL (National Conference for College Women Student Leaders), which will be held in Maryland this summer. Again, this is a program developed by our national association to help develop student leaders.

Thirdly, materials provided that day included publications by AAUW which are the results of research funded by AAUW Fund. One publication was "Barriers and Bias," which details the status of women in leadership. These materials are provided to the academic community and are often mentioned in the national media.

So, these are just a few examples of where the money goes. These are the programs that make AAUW known nationally. We can be proud to support these endeavors.

Dolores Seidman, Vice President
AAUW Fund

Math/Science Conference for 8th Grade Girls

On Wednesday, January 31, 2018 we held our 25th AAUW Math/Science Conference at Whittier College. We expected 394 attendees, which included 27 advisors from 26 schools, and judging by the backpacks distributed at registration, everyone did attend. All twenty STEM career women speakers also arrived.

The young women and advisors attended an opening session in Shannon Center where they heard a welcome and orientation from Kaye Kidwell and a brief speech by Joyce Kaufman. They crossed Philadelphia, picked up a snack, and then attended the first of three workshops. Most of the young women were able to hear some of the speakers they chose in November, after the list of speakers was sent to the middle schools. Advisors then sent the list of attendees (fourteen from most schools) to me with their five choices of the twenty speakers. Right after Christmas I set up all of the thirty workshops (ten classrooms with speakers repeating presentations three times). It was first come, first served until a classroom was full. The last list I received in late December received very few of their choices, if any. I just filled up the classrooms that had space. In early January, Kaye Kidwell helped me fill small white envelopes with three tickets for each attendee. There were two speakers in each classroom, so the girls heard six speakers. We were fortunate, again, to use seven classrooms in the beautifully renovated Science Building. The other rooms were Deihl 104, Deihl 118, and the 140 seats in Hoover 100.

We had 29 volunteers for the event. Some did extra duty by guiding students on the 2nd, 3rd, and 4th floors of the Science Building. It is a bit like a maze to find some of the rooms, and their help was greatly appreciated. Others served as packet fillers, greeters, moderators, a nurse, and where needed. Everyone was a great help, but I must single out Dolores Seidman, Barbara Gile, and Kaye Kidwell. Also, DeDe Shatzen and my son, Ron, were invaluable. Thanks to all who made the day so successful.

I have sent thank-you notes to all 20 speakers by snail mail. I tried to make each note as personal as possible. A student wrote on her evaluation form that she wanted a message given to two of the presenters. They were very good messages so I included them in the thank-you notes I sent.

Here are a few of the student comments. "Inspirational." "Great Planning." "Laura Murdock (FBI) was genuinely inspiring and I would like you to tell her." "Christina Scott (psychology professor) was lovely and I really enjoyed her presentation and she was very kind, tell her this." "Good day!!!!" "I want to be a veterinarian, and listening to one was amazing!" "I liked how all the speakers spoke fast and got as much facts to us as they could in their limited time." "Amazing." "I loved every speaker." "Loved the inspiration! Helped me a ton." "Wonderful, enjoyed every session. Can't wait until I go to college!" "I enjoy and appreciate the opportunities I got today to learn about women with great jobs. It's great to hear women can do the same things men do or better."

I believe it was a very good day, and I have a few ideas of how to make it even better next year.

Sharon Heck, Chair

Dining 4 \$\$\$\$ Save the Date Thursday, March 22 - 7 AM to 10 PM

Mimi's Cafe has been a Whittier staple for many years. Located in the Whittwood Town Center, it has recently been refreshed with new decor and an updated menu that includes some of their popular, all-time favorite items. We were happy to learn that Mimi's is participating in community fundraising efforts and looks forward to supporting our Myra Long Scholarship Fund. We look forward to your support, too, as you enjoy a delicious breakfast, lunch or dinner at Mimi's Cafe! Management has confirmed that flyers may be used for take-out orders too.

National AAUW Dues Increase

For the first time in almost a decade, National AAUW has raised dues. Effective, March 16, 2018, national dues will increase from \$49 to \$59. For an explanation of why National felt the dues increase was imperative, please see <https://www.aauw.org/resource/membership-dues-update/>. I strongly suggest watching the informative video from AAUW Board Chair, Julia Brown, J.D., and Kim Churches, AAUW Chief Executive Officer. Ms. Brown and Ms. Church state that the lack of a dues increase for almost ten years has left AAUW struggling to do the work we all consider essential to woman and girls.

Despite the fact that the dues increase from National is mandatory, i.e., Greater Whittier Area AAUW MUST pay \$59 to national for each member, our own corporate bylaws require that the new dues structure be presented at the Branch Annual Meeting (April 14, 2018) and be approved by a vote of 2/3 of the members present. Formal notification of the dues structure and vote will be sent to all members to comply with the requirement for 30 days notice. Our bylaws do not permit absentee or proxy voting.

Our current GWA-AAUW dues are \$93. We are required to pay \$49 to National (increasing to \$59 in March); we are also required to pay \$20 to State (AAUW-California). The balance of \$24 represents the money that stays in the Whittier Branch to support our programs and administration. Of that \$24 the Branch sends a \$2 per member contribution to AAUW Fund.

On February 6, 2018, the Board voted 9 to 6 to recommend that the membership approve the new dues structure of \$103, to allow for the increase in National dues. As stated, the Branch vote will be taken at the April 14, 2018 meeting and requires a yes vote from 2/3 of the members present. Failure to approve the Board recommendation by the necessary margin will require that the national increase be funded from the \$24 that now supports the Branch activities, including the Branch contribution to AAUW Fund.

A NOTE ABOUT FUND-RAISERS: Currently, GWA-AAUW fund-raises yearly for the Myra Long Scholarship Fund. This fund pays for scholarships, Tech Trek and Math/Science Day. Funds to augment the programs and services budget of the Branch are raised in the yearly Holiday Boutique. Voluntary member contribution supports the critical work of AAUW Fund.

If you have any questions about the dues increase or the process described above, please feel free to refer them to any GWA-AAUW Board member.

Membership

WELCOME TO THE NEWEST STARS IN OUR GALAXY!!!

As membership chairs we are delighted to add the following new members to our roster -- Kathleen Arriola, Cindy Barstow, Kay Clark, Waldith Graham, Lanita Logan, Bea Myers, Gwen McCants, Claire Koehler, Irma Perez, Lucille Serrano and Judy Van Horn. Our thanks to those of you who shared the many transformative attributes of Greater Whittier Area AAUW with these new members. Keep the momentum going! As individuals we strive to keep our commitment to specific goals as outlined in our membership brochure. We encourage you to inspire others to join us in our many endeavors.

Information on our newest members will be distributed at the March meeting.

Happy Recruiting,

Connie Bucey
Lovey Sherman, Co-Chairmen

Las Distinguidas

We will be honoring Ale Hogue and Dr. Joan Licari with the 2018 Las Distinguidas Award at the AAUW March 10 meeting.

ALE HOGUE, from La Habra, was born in Oahu, Hawaii and then moved to Southern California to attend Whittier College. Here she met her husband, and they have been married 65 years and have three children. She was a teacher of grades K-3 in La Habra, Rowland Heights, and Hacienda Heights. When she realized some of her children were coming to school hungry, she prepared breakfast at home and transported it to school.

She was regional sales manager and then branch manager for Jafra Cosmetics and has been with the company 47 years. Local business leaders called upon Ale to provide consultation for a women's business networking organization, The Lead's Networking Group. It began as a women's group and has evolved into a multi-chapter business networking organization for women and men.

Ale was nominated by the Friendship Square Quilt Guild (FSQG) of La Habra where she served as president two years, program workshop, quilt show business manager, and philanthropy chair. She leads the Kumfort Quilt Committee for FSQG. This group makes quilts for "at risk" children, fire and flood victims, veterans, homeless people and children with cancer. She has expanded the reach from La Habra, where she lives, to neighboring communities, staying in touch with non-profits who aid those in need.

A recommendation from Whittier's First Day - the Recovery from Homelessness shared that she has donated a quilt for their Gala auctions providing income to further their programs. Last year the Guild gave about 50 quilts – one for every resident to put on their bed, and Ale made 30 of them. Throughout her life, when she sees a need, she acts. Ale has a passion and enthusiasm for philanthropy work and does it with humility and grace.

DR. JOAN LICARI, from Hacienda Heights. was a professor of Earth Science at Cerritos College, Norwalk, CA for 37 years. She taught classes in Geology, Environmental Science, and team taught in Natural History geological/biological field classes. She also worked for the US Geological Survey, Pacific Outer Continental Shelf Region as an Environmental Specialist in offshore oil and gas development and onshore drilling and development.

She has B.A. and M.A. degrees from UC Berkeley and a Doctorate in Environmental Science and Engineering from UCLA in Paleontology, with a dissertation on evaluating environmental impacts and regulation of offshore oil and gas operations.

For five years she has been a board member of the Hacienda Heights Improvement Association (HHIA) that is the liaison between unincorporated Hacienda Heights and LA County. She is the newsletter editor and the environmental chair.

She is chair of the San Gabriel Valley Task Force, Angeles Chapter of Sierra Club. Joan serves on the Puente Hills Native Habitat Authority where she is an alternate board member.

The Year Around Garden Club sent in her nomination. In that group, she is field trip chair and newsletter editor. She encourages home gardening and does fund-raising for philanthropies including scholarships to Cal Poly Pomona Horticulture, local arboretums, school gardening programs, Whittier Arbor Day planting, and Whittier Greenway bicycle/walking trail planting. She gives talks to garden clubs and conferences.

Joan's husband passed away in 2017 after 59 years of marriage. They have four children (one deceased) and 7 grandchildren. Honors include being selected in 2017 a Distinguished Woman of the 57th Assembly District, and Conservation Awards from the LA Chapter of Sierra Club.

We welcome former Las Distinguidas recipients to the meeting and encourage them to bring their trays or gifts to the meeting. There will be a special table provided for others to view them.

Public Policy

As many of our kids, grandkids, and relatives are anxiously awaiting notification of acceptance into the college of their choice, thought turns to the dark side of those acceptances – the often inevitable incursion of student debt so extreme as to have a negative impact on an individual for many years after graduation.

Today, student debt stands at a staggering \$1.3 trillion dollars. Per the AAUW website, “AAUW’s research reveals that women take on larger student loans than do men. And because of the gender pay gap, they have less disposable income with which to repay their loans after graduation, requiring more time than men to pay back their student debt. That means that those with the least amount of resources are bearing the brunt of student debt in the United States. “

Per <https://www.attn.com>, a student in 1978 could reasonably expect to pay for one year at a public university by working full-time for the summer at a minimum wage job. By 2014, the amount of work required had risen to 52 weeks. This means it is impossible for a student to work their way through college without student loans.

At the same time, per the Department of Labor, National Center for Education Statistics, the cost of college has risen 1,120% and state-support for higher education has been cut by 40%. This is not a recipe for a well-educated productive society with equal opportunity for success.

WHAT CAN YOU DO? AAUW recommends lobbying your representatives for the following:

- Protect Pell grants and ensure that they work for all students
- Support income-driven repayment approaches that reflect borrowers’ realities
- Address additional costs students face beyond tuition, including child care
- Fight to eliminate the pay gap
- Improve data collection and transparency

I was speaking with an old friend the other day. She told me that despite the fact that she and her husband paid for undergraduate study, her daughter (now age 33) will be age 50 before her student debts are completely paid, perhaps just in time to send her own children to college. There is something VERY WRONG here.

Patricia Cuocco
Public Policy Co-Chair

AAUW CA Convention 2018

AAUW California’s biennial convention will be April 27-29 at the Irvine Marriott (18000 Von Karman in Irvine). The convention theme is *Educated. Reasoned. Active.*

The Grand Finale of the convention will be a celebration of Tech Trek’s 20th anniversary including a reunion of Tech Trek alums. Each branch throughout the state has been asked to send a former camper. GWA AAUW is pleased to send Elizabeth Jimenez, a Trekker from the very first camp at Stanford 20 years ago.

Rozanne Child, President-Elect, will be our official GWA AAUW delegate at the convention. If you are interested in attending, please visit the convention website aauw-ca.org for more information. Those who would like to attend the Tech Trek Reunion Luncheon, but who do not want to attend the full convention, can do so.

SECTION INFORMATION

International Concerns

Our International Concerns section will meet on Thursday, March 15, at 10 AM. We will be meeting at the home of Louise Holden, 16356 Prudencia, Whittier. If you need directions to her home, please call Louise. 562-947-6412

The topic to be discussed will be "Russia's Foreign Policy," Chapter 2 in the 2018 Great Decisions book, and Maurine Behrens will lead the discussion. Everyone is welcome to attend the meeting.

Morning Book

You will be amused as well as moved by joining us this month in reading and discussing *A Man Called Ove*, by Fredrik Backman. Meet Ove. He's a curmudgeon - the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him "the bitter neighbor from hell." But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations. We are meeting on Monday, March 26, at 10 AM, at Marian Locke's, 15555 La Monde, Hacienda Heights; 626-336-3430. Marian will also provide the refreshments. I will lead the discussion.

Directions to Marian's house: Colima north to Hacienda Blvd.; left on Hacienda, left on Newton, left on Joan to La Monde; right on La Monde; 15555 is on the corner with blue shutters.

Ann Topjon, Chair 562-695-6185

Memories

The Wednesday, March 28 meeting of Memories will take place at the home of Carole Restovich at 1:30 PM. The topic is "What My Parents Taught Me about Money." All GWA AAUW members are welcome to attend. We meet on the fourth Wednesday of the month at a member's home and share aloud our writing on various topics. These offerings are not critiqued, but accepted for what they are: family mementoes, thought clarification and fun. Come join us!

Directions to Carole's house: from Painter turn east on Philadelphia, right on Bryn Mawr just behind Whittier College, to 7008 Bryn Mawr Way on your left. Phone: 562-696-0296

Mystery Mavens

Wednesday, March 21, 6:30 PM

A Death in the Life by Dorothy Salisbury Davis

Reviewer - Sharon Heck

"Bored, undermined by her husband's professional success, Julia Hayes decides to seek excitement and fulfillment in the real world. Setting herself up as a fortune-teller in Manhattan's theatre district she expects to meet some unusual characters and probably some trouble, but she didn't predict that she'd come across a murder."

We will meet at Marie Callender's Restaurant at 9829 S. La Serna, Whittier (near Whittier Blvd.) at 6:30 PM in the Library Room.

Reservations - Sharon Heck: 562-698-0476; email - heck37@verizon.net

Modern Trends in Literature

Meet Ove. He's a curmudgeon—the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him “the bitter neighbor from hell.” But must Ove be bitter just because he doesn't walk around with a smile plastered to his face all the time?

Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove's mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents' association to their very foundations.

A feel-good story in the spirit of *The Unlikely Pilgrimage of Harold Fry* and *Major Pettigrew's Last Stand*, Fredrik Backman's novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. “If there was an award for ‘Most Charming Book of the Year,’ this first novel by a Swedish blogger-turned-overnight-sensation would win hands down” (Booklist, starred review).

Modern Trends will meet Thursday, March 22 at 7 PM at the home of Myra Weiss -- co-hostess is Trish Carlson. Myra will lead discussion on *A Man Called Ove*. If you haven't yet read the book, come anyway and be inspired to read it.

Directions to Myra's: From Whittier Blvd., north on La Serna, east (right) on Janine, north on La Cima (first left) to 9725.

We need to select a chair and co-chair for next year and be thinking about books to recommend for 2018-2019.

Remaining books for this year: *The Tea Girl of Hummingbird Lane*; *Lincoln in the Bardo*; *The Bad Ass Librarians of Timbuktu*

Carol Shupek, Chair

First Friday

March 2, 6:00 to 8:00 PM

Fay and Jack Weber
2089 Skyline Dr.,
La Habra Heights, 562-697-2101

Come, see old friends and make new ones too. Bring your own choice of beverage (wine, beer or soda) and an appetizer to share with approximately 20 guests. Would love to see you there! Bring a date, a partner, husband or just yourself.

Take Whittier Blvd., East to Harbor, turn left (north) one mile. Turn left on Fullerton Rd., up the hill one mile, then left on East Rd. and an immediate right on Skyline Drive.

**House is on the corner of East Rd. and Skyline Dr.

Gardening

On Monday, March 5, the Gardening section will hold a planning meeting at Ellen Peck's home at 10:30 AM. Everyone is invited to bring their ideas for future outings. Please RSVP by March 3rd.

Ellen Peck
562-943-4679

Showgirls will not meet in the month of March.

La Cuisine

The March La Cuisine dinner will be at the homes of Dolores Gonzales-Hayes and Barbara Gile. Barbara and Dolores will be contacting La Cuisine members with details for this event.

Carolyn Hemminger-Goodcase

1939-2018

Sad news to report the sudden passing last week of Carolyn Goodcase in Las Vegas, NV. Her Celebration of Life will be held Saturday, March 10, 2018 at the Lutheran Community Church located on 3720 E. Tropicana Ave., Las Vegas, NV at 10 AM

Condolences may be sent to

Mr. Daniel Goodcase

936 Pyrite Ave.

Henderson, Nevada 89015

702-564-6350

Carolyn was a long-time member of the Greater Whittier Area American Association of University Women (GWA-AAUW) before she and her husband Dan moved to Henderson, Nevada. Carolyn served as President of GWA-AAUW in 1979-80. She was honored as a Named Gift Honoree and Las Distinguidas for her many volunteer activities. One of her main interests was the Modern Trends Book section. Some of you may remember her as Cleopatra or Mae West from the R.I.P. Section performances.

Linda Gatons

February 21, 2018

The memorial service for Linda Gatons will be held Saturday, March 17, 2018, at Sky Hill Chapel at Rose Hills, at 1 PM. If you wish to send a card to her family, her address is: 1120 Latchford, Hacienda Heights, CA 91745.

National Women's History Month

By 1986, 14 states had already declared March as Women's History Month. This momentum and state-by-state action was used as the rationale to lobby Congress to declare the entire month of March 1987 as National Women's History Month. In 1987, Congress declared March as National Women's History Month in perpetuity. A special Presidential Proclamation is issued every year, which honors the extraordinary achievements of American women.
