Instructions on how to join the ZOOM will be sent to you on Friday, October 9, 2020.

Patricia Cuocco will present her analysis of the dozen propositions. This year Rozanne Child volunteered to help with several, so she will share the presentation duties. There will be a lot of information packed into the presentation, that you don't easily find anywhere else. Join us (virtually) and see what we will be voting on November 3, or before.

The usual reservations, lunch and hotel ambiance will now be your comfortable chair and familiar surroundings. There are some people that will even take their computer to a landscaped garden. Take joy in no traffic or parking just join the meeting with ZOOM.

The meeting starts at 10:30 AM, however you can log in starting at 10:AM. This will give you time to socialize with friends and get to see the format. If you don't have the internet or have an old computer, you can call in by phone and **hear** the whole program. If, you have family that you are comfortable with (even if they insist on a mask) and they have a ZOOM set up- try to join us. There are adult children, grandchildren or neighbors that would love to show their ZOOM technology skills.

# PRESIDENT'S MESSAGE

Our GWA AAUW Branch held their first meeting by ZOOM on Saturday, September 12, 2020, and it was wonderful. There were 29 attendees, and we celebrated our 95<sup>th</sup> birthday as an AAUW Branch. We heard from Ginny Ball about what is happening in Whittier; we passed a Branch budget for 2020-2021; we gave Named Gift Honoree certificates to Paula Ocampo and Rozanne Child, and we watched a PowerPoint presentation about our Branch Sections narrated by Ann Topjon. Our meeting concluded with a series of slides showing early Whittier and a history of our Branch which was put together by Susan Halliday. It was a very good meeting for our first try at a virtual meeting on ZOOM. Thank you to Patricia Cuocco and Susan Halliday for ironing out the technical details for us.

Our new Branch Yearbook is being distributed on several member porches this year. A list will be next to the envelopes, and we ask you to check off your name and initial the list when you pick up yours. Be sure to get permission from a member before picking up that member's envelope, so that only one yearbook will be picked up for that person. The following porches will have the yearbooks: Susan Halliday – 562-696-7395, Pat Dudley – 562-947-4269, Sharon Heck – 562-698-0476, and Barbara Gile – 562-693-7279. Please call before going to their home as we don't want to leave yearbooks unattended on our porches.

National AAUW and California AAUW have been offering some great webinars for us to watch. I recently participated in one titled "Archeology of the Self: Sustaining Racial Literacy in the Movement for Change." Dr. Yolanda Sealy-Ruiz was the speaker and she began with this definition. "Racial literacy asks that teachers take action against injustice in their school settings once they recognize it." We were encouraged to do a deep excavation and exploration of our beliefs, biases, and ideas that shape how we treat others regarding race. It was aimed especially at public school teachers who are 79% white and 76% female. The average age of public school teachers 42.4 years. The speaker stated that critical love – love that is tied to profound ethical commitment to caring for the communities in which we work – is essential. There are three things we need to do: "1) Question assumptions about race. 2) Engage members in critical conversations about race and speak openly. 3) Emphasize reflexivity and disrupt assumptions." I recommend these webinars to everyone.

Don't miss our Branch ZOOM meeting on Saturday, October 10, 10:30AM on ZOOM when we will hear from Patricia Cuocco regarding the 12 propositions on the November Ballot.

Sharon Heck, Branch President

# AAUW FUND

## AAUW FUND VIRTUAL LUNCHEON WITH THE FELLOWS/GRANT RECIPIENTS

The pandemic has changed so much for us! This year the AAUW Fund luncheon 2020-21 will be replaced by two webinars, which will be held on two dates on ZOOM. We will miss the physical social gathering, but the webinars will afford the opportunity for us to participate from the comfort of our homes. There will be different speakers at each event, so you are welcome to attend one or both webinars. Please add these dates to your calendars:

Saturday, October 10th and Saturday, October 24th. Both webinars will begin at [1:00](#) p.m.

Don't forget to register for the ZOOM webinars by clicking [HERE](#).

## CALIFORNIA IS IN IT TO WIN IT!

Carmen Goehring, *Northern California Legacy Circle Liaison* has reminded us that Legacy Circle, [charminme@yahoo.com](mailto:charminme@yahoo.com) launched a statewide branch competition which started July 1st and ends November 30th that will help branches work towards Five-Star status as well as help to ensure AAUW's future. We are encouraging members to become [Legacy Circle](#) members and the branch with the highest number of new members during the contest period will be deemed the winner. In addition to announcements across social media and on the state AND national websites, the winning branch will have a special ZOOM video strategic update with AAUW California President Dianne Owens, AAUW Director of Development Heather Miller, and other special guests.

Legacy Circle Members make a planned gift to AAUW. You can establish a charitable gift annuity or name AAUW as a beneficiary in your will, trust, insurance policy or individual retirement account, among other options. Current Legacy Circle members in GWA-AAUW are: Judy Pappé (deceased); Rozanne Child; Dolores Seidman; Jill Smith; Cheryl Suit; Fay Weber; and, Gwen Woirhaye.

Becoming a Legacy Circle member is quick and easy and comes with perks, the most important of which is knowing AAUW will be here in the future. Let the competition continue!

*See you on ZOOM,*

## NAMED GIFT HONOREES 2019-2020

At the September Branch meeting we, at last, presented the Named Gift Honoree award for 2019-2020. This event is usually scheduled for April but, as we all know, Covid-19 presented challenges.

This year for 2019-2020 there were two Honorees. The first is a graduate of California Polytechnic University, Pomona. She has been most active in our Branch and in the community as well as in her favorite Section, International Concerns. However, her most visible contribution has been put on hiatus by the present pandemic. She chooses our tasty menu for the Branch meetings when we met at the hotel. (Remember those days?) She also reviews the RSVP's and does the accounting with the hotel. These are not small tasks, indeed! She has immersed herself in ZOOM technology and helps us do our meetings on this platform. She also handles the technology for in-person meetings. This member is none other than **Paula Ocampo**. Congratulations, Paula and thanks for all of your service and participations, (and for the delicious yummies at our Branch meetings).

The second Named Gift honoree has a dizzying list of accomplishments. She was president of the Alhambra/San Gabriel AAUW Branch as well as Fund VP, Program VP, Speech Trek Coordinator, Tech Trek Committee member, LACIC (that's the group that brings together all the Branches in the Los Angeles region) program chair. For the state level she has been LAF VP, EF VP and a CA Director. For Tech Trek she has been a Dorm Mom at UCSB for 8 years and UCSD for 5 years, Tech Trek Director at UCSD for 5 years. Now in our Greater Whittier Branch she has been Program VP, Fund VP, and currently Co-Tech Trek Coordinator with Kay Clark. She introduced NCCWCSL (pronounced "nick whistle") to our branch, where we choose then sponsor a young woman to attend a the AAUW student leadership conference in Washington DC. Last but not least, she was our branch president for 2018-2020! Her favorite Branch Section is also International Concerns and she was president of Delta Kappa Gamma (a teacher's sorority) for two terms. This amazing lady is none other than **Rozanne Child**. Congratulations, Rozanne!

# PUBLIC POLICY

## The Electoral College

As I write this, we are seven weeks out from the General Election. As you most likely remember from your U.S. History classes, the United States does NOT have direct election of the president. When you vote, per the 12<sup>th</sup> Amendment to the Constitution (1804), you are voting for a slate of electors committed to voting for a specific candidate on the designated date.

**Why do we have such a system?** For one thing, the Founding Fathers did not trust the people to vote for President. They preferred the election in the hands of “Enlightened Statesmen.” For another, the system of slavery complicated the issue in that suffrage was greater in the Northern States because slaves had no rights, let alone the right to vote, and a large proportion of the South’s population was comprised of enslaved people subject to the 3/5 Rule. Like much of the United States’ founding rules, this issue was, at least in part, a compromise between “free” and “slave” states.

**Why is this an issue?** There is a concerted effort of the part of Progressives to abolish the Electoral College and an equally vigorous attempt by Conservatives to keep it. Since AAUW has not taken a policy position, I feel comfortable only in summarizing the major arguments (which I have taken from Wikipedia. I have left the annotations, if you are interested).

Supporters of the Electoral College argue that it is fundamental to American [federalism](#), in that it increases the political influence of small states by the "plus two" Senate count over the number of state Representatives. The geographic dimension of the Electoral College requires candidates to appeal to voters outside large cities. Parties must form national coalitions with moderating appeals, contributing to stability of the two-party system.

Critics of the Electoral College argue that the Electoral College is less democratic than a national direct popular vote and is subject to manipulation because of [faithless electors](#).<sup>[12][13]</sup> Opponents argue that the system is antithetical to a democracy that strives for a standard of "[one person, one vote](#)" because it can thwart a presidential choice by the voters with a national majority.<sup>[14]</sup> There can be elections where one candidate wins the popular vote but another wins the electoral vote, as in the [2016 election](#).

It’s worth noting that Five times a candidate has won the popular vote and lost the election. Andrew Jackson in 1824 (to John Quincy Adams); Samuel Tilden in 1876 (to Rutherford B. Hayes); Grover Cleveland in 1888 (to Benjamin Harrison); Al Gore in 2000 (to George W. Bush); Hillary Clinton in 2016 (to Donald J. Trump).

Like much in today’s divided world, where you come down on the issue depends largely on your political point of view. Do you care whether candidates appeal to voters outside of the cities? Do you think geography is or should be totally irrelevant and every person’s vote should count equally?

As I said, this paper does not take a position, because AAUW does not. I urge you to do some reading. Whatever side you are on, you can read supporting, and much more importantly, critical arguments of your point of view. Isn’t that what educated women are supposed to do?

Patricia Cuocco, Public Policy Chair

# AAUW WEBINAR REPORT

## AAUW WEBINAR: COVID 19 AND THE LABOR ECONOMY: WHAT'S NEW

As Sharon Heck mentioned in her President's Message, National AAUW has been offering many webinars on ZOOM on subjects vital to our organization with the advent of the pandemic. Members are notified via e-mail and it is easy to sign up for these free programs.

The one on September 9 was about the effect of Covid 19 on the Labor Economy and especially on women. It featured our President Kim Churches in conversation with Diane Lim, an economist and author of "Economist Mom Blog." She pointed out that this pandemic recession is a "She" session as opposed to the great recession which affected mostly middle aged white men in industry whose jobs did not come back. Women did better then because they were service providers and thus had lower unemployment.

The present pandemic has affected service providers in jobs mostly held by women, especially those earning lower incomes and less well educated. The recovery will be different now especially because school aged children are at home and whether women work or not will depend on their family situation. Asian women will have higher unemployment rate because they are unlikely to leave the supervision of their children's education to others.

She believes that there has to be more value put on care givers and that government has to fill the gap. She notes that the pandemic has given more appreciation to the stresses of working mothers.

Members can access any of the AAUW webinars about a week after shown by accessing the [aauw.org](http://aauw.org) website. I urge our members to either watch them live or recorded in order to take advantage of all that AAUW has to offer us nationally.

# THE SPOTLIGHT

Oh My! 2020 has turned out to be QUITE the year. What next? My vote is for Killer Vampire Bunnies! Meanwhile, life goes on – the good, the not so good and the interesting.

A real bright spot was hearing from one of our Tech Trek awardees to whom we gave an iPad in lieu of going to camp this year. Pat Dudley received this from Sarah Sanchez:

*Hi Mz. Dudley! I'm Sarah Sanchez one of the students that was selected to participate in Tech Trek 2020. I wanted to let you know I received my T-shirt and I most of all wanted to thank you for the iPad. It's has been very useful for my writing, drawing, and school work. I'd also like to thank the women who volunteered their time to talk to us during the panels. Thanks again for the opportunity. Makes it all worthwhile!!*

Dolores Seidman reports discovering a new on-line resource during the pandemic. It's called, "Kanopy" and is a service that offers free movies on-line through your local library. The Los Angeles County Library is a participant as is the Whittier Public Library. They each offer 10 free films a month. Just google your library name and Kanopy. Enjoy!

Sharon Heck has some good news. She writes: Many of you know I had a bad fall in early May and had a badly infected leg as a result. I am healed and I'm working on becoming healthier by dieting (I've lost 39 lbs.) and riding the recumbent bike. I have my daughter's recipe for lasagna, made with squash rather than noodles, and I will email it to you if you make a request. (Sharon's new email is [s.heck4peace@gmail.com](mailto:s.heck4peace@gmail.com).)

Shirley Stewart also fell earlier this month and while she reports no broken bones, her face was badly swollen and bruised. Shirley's email is [shirleyscreations305@gmail.com](mailto:shirleyscreations305@gmail.com), if you want to send best wishes. Let's all be careful, please!

Many of you know Kaye Kidwell's granddaughter, Zoe Collazo (yes, she is Kelly's daughter). Zoe has helped out at a number of our events. A budding entrepreneur, Zoe started a cookie and cupcake business at age 11. Now a high school senior, she is launching her third business and will sell her merchandise at a street fair (sponsored by The Collab, Inc.) in Uptown Whittier, Friday, October 23, 2020 from 9:00 AM to 1:00 PM. Zoe's Pop-Up Shop will be on Philadelphia Street near Chase Bank and across from the Farmer's Market. Drop by, say "Hi" and check out her products! Sooner than we know, she'll be graduating from college and becoming a member.

Karen Van der Baan is eight months into "Grandmahood" and enjoying every minute. This is

Emmaline. Who wouldn't enjoy that little cutie?

# INTERNATIONAL CONCERNS

Our International Concerns section is reading a book printed each year by the Foreign Policy Association titled *Great Decisions*. The book contains eight articles on a variety of topics i.e. “Climate Change and the Global Order”, “India and Pakistan”, “Modern Slavery and Human Trafficking”, and five others. We read one article each month, and we have been meeting at the home of Louise Holden until the pandemic struck. Now we will be meeting on ZOOM.

Our meetings are on the third Thursday each month at 10 AM. On October 15 we will meet by ZOOM at 10 AM and I will be sending you the ZOOM invitation. I will be happy to have a practice session with anyone who needs help connecting to a ZOOM meeting. Just let me know. Sharon Heck at [S.Heck4peace@gmail.com](mailto:S.Heck4peace@gmail.com) 562-698-0476

Our topic for the October meeting will be “Red Sea Security,” chapter 3 in *Great Decisions*. If you do not have the book, you might be able to access some information on the Foreign Policy Association website. [www.fpa.org/great\\_decisions](http://www.fpa.org/great_decisions)

Carol Shupek will be leading the discussion on October 15. Everyone reads the material ahead of time, and we have a lively discussion around the topic. If you have other newspaper articles or materials, we are happy for you to share them. All are welcome to join us for International Concerns on Thursday, October 15, 10 AM. If you are new to us, send me your email so you will be included on the ZOOM invitation.

## OCTOBER MISCELLANY

October is National Breast Cancer Awareness Month. Time to urge your daughters, granddaughters, nieces, etc. to go get checked AND make your own appointment.

October is also Adopt a Shelter Dog Month. Maybe it is time for a companion to help you get through the long “socially distanced” days.

From Eudora Welty in *The Wide Net and Other Stories*:

“ ‘Only today,’ he said, ‘today, in October sun, it’s all gold—sky and tree and water. Everything just before it changes looks to be made of gold.’ ”
