# Branch Meeting, Saturday March 11

### PROGRAM

Good day AAUW Members. Is it possible? Can it already be March? Yes-and our Program for this month brings you one of our very own, Pat Dudley, to inform us about Tech Trek! Yes, we have heard about it. Some of us have volunteered to put packets together for the young girls who are lucky enough to attend it, and some have even possibly torn out their own hair trying to get this event off the ground. No matter your level of knowledge of Tech Trek, we could all use a little more, so it's time to get a dash of its history, how it has been impacted over the past few years due to Covid, and find out what is new with Tech Trek, all of which Pat Dudley will share with us on March 11<sup>th</sup> at our Branch meeting. Please join us to hear more about this amazing event that AAUW members sponsor for young girls so they can start their path toward a great future!

## **PUBLIC POLICY**

#### March is Women's History Month; a Fitting Time to Observe Transgender Day of Visibility

Melissa Maceyko, Member AAUW California Public Policy Committee

Each year on March 31, the world observes **Transgender Day of Visibility (TDOV)** to raise awareness about transgender people. It is a day to celebrate the lives and contributions of trans people, while also drawing attention to the poverty, discrimination, and violence the community faces.

We understand how women's history tells the story of misogyny, which is the systemic mistreatment of women, girls, and feminine peoples through forms of physical and structural violence. But we rarely consider how it is linked to transmisogyny, which focuses on the complex intersections between transphobia and misogyny that are faced by trans women and girls, as well as transfeminine and gender non-conforming peoples. It is a term that attempts to capture multiple layers of gender-based marginalization and systemic mistreatment. If misogyny and transmisogyny are not combatted together, then the root of the problem will never truly be eradicated.

Although the past decade has seen a more vocal public push for diversity, equity, and inclusion initiatives around gender, the current sociopolitical climate in the United States is not supportive of, and is often openly hostile to, transgender and gender non-conforming individuals. Under this sphere of increased hostility is the explicit targeting of trans women and girls and transfeminine peoples with words, actions, and legislation. It is particularly important for women's organizations who seek to combat gender-based forms of oppression to build coalitions and take a stand against **misogyny and transmisogyny** in all its forms because misogyny and transmisogyny come from the same place. They both describe gender-based oppression that results from the prioritization of masculinity alongside the degradation of femininity.

Targeted hostility against trans women and girls and transfeminine peoples can be seen not only in the alarming uptick in physical violence against this community, but also in the increasing persistence and intensity of public debates over whether or not trans women and girls and transfeminine peoples are "real women" that belong in "women's spaces," including gender-specific bathrooms, women's sports teams, and locker rooms. These debates prioritize misplaced and misunderstood claims of biological authenticity. They are dehumanizing and cannot be disconnected from other forms of violence as they normalize widespread and explicit marginalization and exclusion.

As a women's organization, the increasingly hostile environment for trans women and girls and transfeminine people should be at the forefront of AAUW's collective education and activism - let's help ensure that history doesn't continue to repeat itself. Visit the Public Policy website to learn more.

Margo Reeg, Public Policy Chair

## MYRA LONG SCHOLARSHIP FUND (MLSF)

#### **REPORT OF THE Myra Long Scholarship Fund Committee (MLSF)**

On February 7, 2023, The MLSF Committee met with Bill Murray, our Edward Jones representative, to discuss the Myra Long Scholarship Fund (MLSF) portfolio which took a loss of \$48,000 in 2022 but is regaining its value. Our portfolio goal through Edward Jones is 65% stocks and 35% bonds/cash.

In the future, we might consider lowering our investment in the Reaves Utility Income Fund. Mr. Murray suggests updating our portfolio percentages each year. In 2023 MLSF might consider placing some cash in a CD which now has an interest rate of 4.7%. Bill Murray's overview of the economy in 2023 emphasizes three areas: (1) the interest rate will probably fall as the year progresses (2) the Fed will pause when the interest rate nears 5% and (3) growth of the economy will appear at the end of the year and bonds will bounce back.

**Scholarships:** In the past five years \$65,834 in scholarships was awarded to Rio Hondo College and High School graduates.

In 1993, the directors of MLSF invested in the Rio Hondo Foundation and received matching money. Now we have been informed we have \$9,500 to use for Rio Hondo Scholarships. The applications are online, at Rio Hondo College. Also, \$20,000 can be allotted to California High School and Pioneer High School senior girl scholarship recipients. It was reported that both high schools, Cal High, and Pioneer High, are already on board with scholarship applications online.

**Tech Trek:** Burke Steam Academy in Pico Rivera will be selecting seven girls for Tech Trek interviews. In March four girls will be selected plus two alternates for a week at the Whittier College Tech Trek Camp. In the past five years, MLSF has spent \$36,191 to send the young ladies to Tech Trek.

**Math/Science:** Sharon Heck reported that despite the rain the Math/Science Day at Whittier College was a great success. Three-hundred-sixty-seven students attended, and 27 teachers from the 27 middle schools also enjoyed the day. Each girl received a blue backpack. The event lasted from 9 AM to 12:45 PM. This year there were 24 AAUW volunteers and more were needed. The Math/Science expenses from the last five years were \$19,482. There is no charge to the schools or girls.

AAUW participation as docents at the Pasadena Design House was discussed as a possible fundraising event. In 2017-2019 we earned \$3,240 by standing in beautiful homes and meeting the guests. The possibility of AAUW committing 20 volunteers to stand and be gracious for four hours each is not viable this year. If you feel guilty not volunteering, you may consider making a guilt donation.

The annual fundraising letter honoring the 100<sup>th</sup> birthday of Myra Long will be available at the March AAUW meeting and mailed to all that do not attend.

Barbara Gile, MLSF CHAIRPERSON, Carole Restovich, MLSF SECRETARY, Kaye Kidwell, MLSF TREASURER, Ann Chambers, Pat Dudley, Susan Halliday, and Sharon Heck, MLSF DIRECTORS

## **DIVERSITY, EQUITY, INCLUSION (DEI)**

The word PRONOUN conjures up memories of diagramming sentences, learning parts of speech and vocabulary like antecedent, singular or plural. A pronoun is simply a word that takes the place of a noun. A pronoun agrees with its antecedent in gender and number. For example: Mary or woman would be she or her. Women would be they or them.

But today's use of the word has become a point of confusion. It is not being used as a grammatical term following the rules we learned. PRONOUN is now used as a gender identity term. To better understand PRONOUN being used for gender identity, <u>one must refrain from</u> thinking in terms of what they learned in school. Instead, it must be looked at in the context of one's own internal sense of self and not outwardly visible to others.

It is important to understand that GENDER IDENTITY does not denote one's SEXUAL ORIENTATION or gender on one's birth certificate.

Our name is a proper noun. It is our public identity. Some people use names that have nothing to do with their birth names. JoAnne may be called Jo or a Patrick may be Pat. I know a Ron who goes by Butch. None of these examples causes any confusion or hesitancy when addressing them. We use a person's chosen name (and PRONOUN) as a signal of respect and acceptance.

The list of pronouns used in gender identity is not limited to the words we generally consider pronouns. If you have looked at your profile on your AAUW profile you will find a list of options you may use as your designated pronoun. There were several that were unknown words to me!

For a simple, straightforward article on the use of PRONOUN in today's world go to "A Guide to Gender Identity Terms", https://www.nor/2021/06/02/996319297/gender-identity-expressions-guide-lgbtq (I will bring a few copies to the March meeting.)

Takeaways for me after reading the article: If you stumble and make a mistake acknowledge your error. Move on. Be non-judgmental. Do not confuse gender identity with sexual orientation or preference. We already use they as a singular pronoun when we are talking about someone when we don't know who they are. (Example: A member of the club left an umbrella on a chair. They can claim it at lost and found. Also, see paragraph 2, underlined section.)

Pat Dudley, DEI Officer

## AAUW FUND

At our February Branch meeting we heard from AAUW Fellow Stacey Cabaj, Assistant Professor of Acting and Pedagogy in the department of Theater Arts and Dance at Loyola Marymount University. Her topic was "The Sound of Touch" which was a new exploration for many of us, especially for me! Although it is impossible to recreate her talk, below is the link to some short videos about Playtronica which produces innovative musical gadgets which are able to transform touch between people and objects into sound. Stacey demonstrated some of the "gadgets" (which are expensive and produced by a separate company) and created sound by touching Nadine Wilcox's finger!

She also discussed how this study may affect learning for those students who learn in different ways, such as autistic students. The possibilities are endless.

You may wish to view one or more of the short videos below to see this in action. Remember when we didn't know what the internet was...never mind spending many hours on Zoom? This is just one example of the kind of studies the AAUW Fellowships produce. We look forward to seeing her book, *Lessons from Our Students*, when it is published soon.

### **MEMBERSHIP**

This will be a very brief Membership article because I had my second knee replacement surgery, two weeks ago on January 31, 2023. I am progressing well, but sitting at a computer is not something I should be doing for a long period of time.

We still have a large supply of our 2022-2023 Yearbooks. They will be available at our March 11 branch meeting. If a member wishes to pick up her yearbook, they are available at the home of Susan Halliday, 8531 Catalina Ave., Whittier, and at the home of Sharon Heck, 6032 Comstock Ave., Whittier. Call Sharon Heck to make other arrangements. 562-858-9253. The yearbook is full of very useful information, and a complete listing of our membership.

We have one address change for a long-time member. Please make the change in your yearbook. I'm sure she would like to hear from any of our membership, as she enjoys receiving a printed copy of our newsletter.

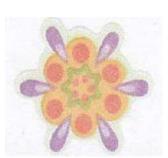

Mary Ellen Mead, 1650 Monrovia Ave., #417 VN, Costa Mesa, CA 92627 (She changed apartments.)

Included in this newsletter for your use is an application for membership, and a questionnaire we would like to have completed by all members. We might have a questionnaire on file for you from a few years ago. Consider updating it and giving it to Sharon Heck.

I want to thank all who helped with our Meet and Greet on Saturday, January 21. We had a small attendance, but it was a very nice social time for our members. Thanks to all who helped. Think about inviting that newly retired friend or co-worker to our next branch meeting.

Sharon Heck, Chair

### **INTERNATIONAL CONCERNS**

Our International Concerns section is reading a book printed each year by the Foreign Policy Association titled *Great Decisions*. The book contains eight articles on a variety of topics, and we read one article each month.

Our meetings are on the third Thursday each month at 10AM. On Thursday, March 16, 2023, 10AM, we will meet at Sharon Heck's home, 6032 Comstock Ave., Whittier, CA 90601. Our topic for the March 16 meeting will be Chapter 2, "War crimes: what are they? How can they be prosecuted?" in the 2023 <u>Great Decisions</u>. Our discussion will be led by Sylvia Graber-Pastrone. Please do not attend if you are not feeling well. We will have a Zoom meeting also if one is needed. Let Sharon know if you would like the Zoom meeting and need the Zoom link. If you do not have the book, you might be able to access some information on the Foreign Policy Association website. www.fpa.org/great\_decisions

Everyone reads the material ahead of time, and we have a lively discussion around the topic. If you have newspaper articles or materials, we are happy for you to share them. All are welcome to join us for International Concerns. Please RSVP to Sharon as her street has permit parking. Daily permits will be available, and there is a driveway. S.Heck4peace@gmail.com 562-858-9253.

### **MODERN TRENDS IN LITERATURE**

Thursday March 9 at 6:30 PM

At the home of Myra Weiss, 9725 La Cima Dr. Whittier, 90603

562-947-3343

Janice Geiger will review <u>The Paris Bookseller</u> by Kerri Maher. The book retells the early 20<sup>th</sup> century story of American entrepreneur Sylvia Beach and her iconic bookstore, Shakespeare and Company located in Paris that attracted literary luminaries. Beach fought against incredible odds to bring one of the most important books of the 20<sup>th</sup> century to the world.

### **MYSTERY MAVENS**

Mystery Mavens will meet on March 15, 2023, the third Wednesday, at Mimi's Restaurant, at 6 PM. Please RSVP to Sharon at <u>s.heck4peace@gmail.com</u>. We will follow the current requirements on vaccinations, etc. and we ask that you stay at home if you are not feeling well. Our book is <u>*The Quiche of Death*</u> by M.C. Beaton. Gwen Woirhaye will review the book and lead our discussion.

Here is some information on our book for March 15, 2023. "The first in M. C. Beaton's Agatha Raisin series is *The Quiche of Death*. These are light mysteries—Agatha has retired from her successful business in London and moved to the Cotswolds where she keeps stumbling upon murders and eventually opens a private investigating business. There are 32 books in the series."

It is time for our Mystery Maven members to begin nominating books for 2023-2024. We will vote on our five choices for next year at our May 17 meeting. I have no nominees at the present time. Sharon Heck

May 17, 2023, *The Ritual Bath* by Faye Kellerman, reviewed by Brigitta Weger

### **MORNING BOOK**

I hope you can join our group in reading and discussing <u>The Sympathizer</u>, by Viet Thanh Nguyen, on Monday, March 27, at 10AM. The book has been described "as a startling debut novel from a powerful new voice featuring one of the most remarkable narrators of recent fiction: a conflicted subversive and idealist working as a double agent in the aftermath of the Vietnam War. The winner of the 2016 Pulitzer Prize for Fiction, as well as seven other awards, <u>The Sympathizer</u> is the breakthrough novel of the year. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Saul Bellow, <u>The Sympathizer</u> is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a "man of two minds," a half-French, half-Vietnamese army captain who arranges to come to America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. <u>The Sympathizer</u> is a blistering exploration of identity and America, a gripping espionage novel, and a powerful story of love and friendship."

I will be leading the discussion as well as hosting the meeting. Dolores Seidman will provide refreshments. I will also provide a Zoom connection for those of you unable to be here in person and will send the link the weekend prior to our meeting. My address: 5654 Palm Ave., Whittier.

### **SPOTLIGHT**

**Kay Clark** reports: "I just got home from a 26-day tour of South America and Antarctica. It was amazing, beautiful, and wonderful. We started in Santiago, Chile and ended in Buenos Aires, Argentina. We didn't step foot on the Antarctic continent, but it was so quiet and calm sailing around there. Here are two pictures; one of me in front of the continent and another showing only part of Iguazu Falls, the 2nd largest falls in the world. They are located at the border of Argentina and Brazil."

Past President **Patricia Cuocco** sends greetings from cold and snowy Northern Nevada. She reports that neighbors claim this is unusual. The folks up the hill at Tahoe are thrilled. Patricia is an active AAUW member. She still belongs to our branch and will be starting her term as President of the Capital Branch on June 1. She wants all of the Greater Whittier Branch to know she misses you and hopes to visit Southern California in the late spring. The picture at right was taken from her front porch in early January.

**Sharon Heck** is back on her feet, literally! After a left knee replacement on January 31, she is up and walking and even hosted the International Concerns meeting on February 16, that's fortitude! Sharon already had her right knee done in July. Sharon says: "I'm doing very well and finally able to help myself in most ways. It has been two weeks.

Thank you to those who sent me cards and well wishes. They are greatly appreciated."

We also want to give a shout-out to **Mary Ellen Mead.** Barbara Gile has kept in touch with her and reports that Mary Ellen was the first Las Distinguidas and 50-year member of GWA-AAUW and now lives in Vivante, a beautiful Assisted Living facility in Costa Mesa, California. She is in a new apartment and closer to the elevator. Her new address is listed in the Membership section. Mary Ellen enjoys the AAUW newsletter each month when it is mailed to her.

Check this space next month for updates on what is going on. We all love to hear about what is happening in the lives of our AAUW community. Spotlight is a great place to share your news, tips, and stories. Send me yours so I can include them in our next newsletter.

Please consult our style sheet and follow it when preparing your newsletter article. It will save me a great deal of time and work. If you do not have a style sheet, please let me know and I will send you one. Thank you for your cooperation and for sending in your articles by the 15<sup>th</sup> of the month. **All submissions must be in WORD documents as attachments to emails. Please create the document within WORD itself rather than cutting and pasting into WORD. Please DO NOT use TABS. Please, do not type the articles within the email itself. Please give the article a descriptive name, not merely "newsletter article," and use that name in the subject line of the email.** Please send articles by email on or before the 15<sup>th</sup> of every month, August through May to pocampo@aol.com Newsletter Editor – Paula Ocampo
